# I NOSTRI VALORI, IL TUO VANTAGGIO

## ESCLUSIVITÀ

Progettiamo e realizziamo soluzioni esclusive. Ogni prodotto Ravani nasce da un'idea originale, sviluppata internamente e con tecnologia protetta.

**Sceglierci significa offrire ai propri clienti qualcosa di unico.**

È questo che rende Ravani un partner prezioso per chi arreda con personalità.

### EXCLUSIVE

We design and create exclusive solutions. Every Ravani product is born from an original idea, developed in-house and using proprietary technology.

**Choosing us means offering your customers something unique.**

This is what makes Ravani a valuable partner for those who furnish with personality.

■ CLO  
■ ADHOC  
■ UNIKA  
■ ONE<sup>UP</sup>

## DESIGN ORIGINALE E FINITURE IMPECCABILI

Non produciamo semplici componenti tecnici: **creiamo oggetti di design.** Le forme eleganti e la cura maniacale delle superfici rendono ogni prodotto Ravani una presenza visiva forte, ma discreta, capace di elevare il bagno da ambiente funzionale a spazio di stile.

### ORIGINAL DESIGN AND IMPECCABLE FINISHES

We don't just produce technical components: **we create design objects.** The elegant shapes and meticulous attention to detail make each Ravani product a strong yet discreet visual presence, capable of elevating the bathroom from a functional space to a stylish space.

# CURA NELLA REALIZZAZIONE, MATERIALI DI PRIMA QUALITÀ

Scegliamo materiali affidabili, duraturi, sostenibili. Lavoriamo con processi controllati, monitorati in ogni fase. Ogni pezzo viene verificato con attenzione, perché crediamo che la qualità non sia mai un dettaglio. **E i dettagli, per noi, contano più di tutto.**

**TECHNOLOGICAL INNOVATION**  
We choose reliable, long-lasting, and sustainable materials. We work with controlled processes, monitored at every stage. Each piece is carefully inspected, because we believe that quality is never a detail. **And for us, details matter more than anything.**

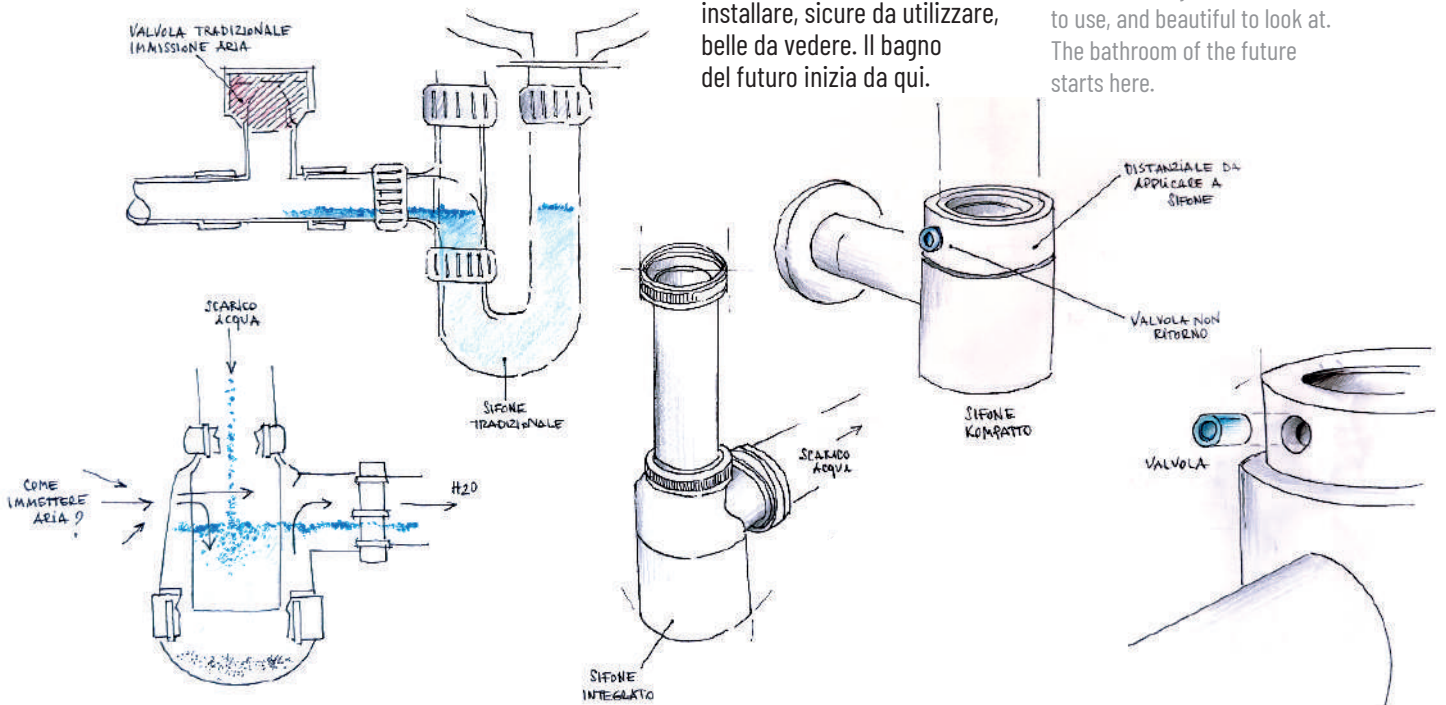

# INNOVAZIONE TECNOLOGICA

L'innovazione è la nostra risposta alla sicurezza e al comfort. Le pilette con TROPPO PIENO integrato - OneUp+, Clo e Adhoc - rappresentano una **nuova generazione di soluzioni intelligenti**: pratiche da installare, sicure da utilizzare, belle da vedere. Il bagno del futuro inizia da qui.

**CARE IN PRODUCTION, TOP-QUALITY MATERIALS**

Innovation is our answer to safety and comfort. Drains with integrated overflow—OneUp+, Clo, and Adhoc—represent a **new generation of intelligent solutions**: easy to install, safe to use, and beautiful to look at. The bathroom of the future starts here.

# PERSONALIZZAZIONE

**Crediamo che ogni progetto sia unico.**

Per questo i nostri prodotti si adattano a diverse esigenze estetiche e funzionali, grazie a una varietà di finiture, misure e configurazioni. Collaboriamo con architetti, designer e installatori per offrire soluzioni su misura, che rispondano perfettamente ai desideri del cliente finale.

**We believe every project is unique.**

That's why our products adapt to different aesthetic and functional needs, thanks to a variety of finishes, sizes, and configurations. We collaborate with architects, designers, and installers to offer customized solutions that perfectly meet the end customer's desires.

**II RAVANI**  
DESIGN 1950

Da un piccolo laboratorio di lucidatura coltelli nella Lumezzane avviata nel 1950, Ravani è cresciuta fino a diventare un punto di riferimento nella produzione di sifoni e pilette. Tre generazioni si sono succedute alla guida dell'azienda, tramandando un sapere artigiano fatto di competenza, dedizione e capacità di innovare.

**Una storia familiare che si riflette in ogni prodotto: curato, solido, inconfondibile.**

Una lunga esperienza, fatta di ascolto e collaborazione, che ci ha insegnato a guardare lontano, restando sempre fedeli a ciò che siamo: **un'azienda familiare con lo sguardo rivolto all'eccellenza.**

SINCE 1950, WITH PASSION

From a small knife polishing workshop in Lumezzane, opened in 1950, Ravani has grown to become a benchmark in the production of siphons and drains. Three generations have succeeded one another at the helm of the company, passing down artisanal know-how based on expertise, dedication, and the ability to innovate. **A family history reflected in every product: refined, solid, and unmistakable.**

A long experience, built on listening and collaboration, has taught us to look ahead, always remaining true to who we are: **a family business with a focus on excellence.**

PILETTE  
CON TROPPO PIENO  
AUTOMATICO  
AUTOMATIC  
OVERFLOW WASTES

# CARATTERISTICHE | CHARACTERISTICS

## TROPPO PIENO AUTOMATICO

Le pilette con TROPPO PIENO integrato si aprono e si chiudono automaticamente quando l'acqua raggiunge il livello di sicurezza, prevenendo fuoriuscite.

## LIVELLO DELL'ACQUA SEMPRE COSTANTE

Dopo l'apertura, la piletta si richiude da sola riportando l'acqua al livello ottimale, evitando sprechi.

## INSTALLAZIONE FACILE

Si montano come una normale click-clack, senza collegamenti elettrici o accessori aggiuntivi.

## MANUTENZIONE VELOCE

Il cestello estraibile permette una pulizia immediata e semplifica la manutenzione.

## AUTOMATIC OVERFLOW

The built-in overflow opens and closes automatically when the water reaches the preset safety level, preventing spills.

## CONSTANT WATER LEVEL

After opening, the waste closes again once the water returns to a safe level, maintaining an optimal water level and avoiding waste.

## EASY INSTALLATION

Installs like a standard click-clack waste, with no electrical connections or additional accessories required.

## FAST MAINTENANCE

The removable basket allows quick cleaning and simplifies regular maintenance.

# COME FUNZIONANO | HOW THEY WORK

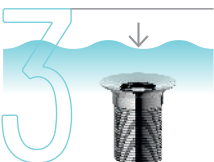

**La piletta è chiusa:**  
l'acqua comincia a salire nel lavabo.

Waste closed: water begins to rise in the basin.

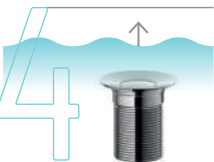

**Livello raggiunto:**  
l'acqua arriva al punto di sicurezza preimpostato.

Level reached: water reaches the preset safety point.

**Apertura automatica:**  
la piletta si apre e l'acqua defluisce, scendendo sotto il livello di sicurezza.

Automatic opening: the waste opens, allowing water to drain below the safety level.

**Chiusura e riciclo:**  
la piletta si richiude; l'acqua ricomincia a salire e il ciclo si ripete.

Closure and cycle: the waste closes; water starts rising again and the cycle repeats.

OneUP

CLO / ADHOC

Tutte le versioni sono dotate di comodo cestello estraibile.  
All models are equipped with removable basket.

## CERTIFICAZIONE

Le pilette con TROPPO PIENO integrato sono certificate NF, organismo che negarantisce la conformità agli standard UNI EN 274. Hanno inoltre superato positivamente il fouling test, durante il quale sono state testate per valutare la loro funzionalità nel tempo.

## SISTEMA BREVETTATO

Tecnologia esclusiva Ravani, sviluppata e protetta da brevetti dedicati.

## CERTIFICATION

The wastes with integrated overflow are NF certified, an organization that certifies compliance with UNI EN 274 standards. They have also successfully passed the fouling test, during which they were tested to evaluate their functionality over time. tested to evaluate its functionality over time.

## PATENTED SYSTEM

An exclusive Ravani technology, developed and protected by dedicated patents.

# PILETTE REGOLABILI

## OneUp

LE PILETTE REGOLABILI CONSENTONO DI **MODIFICARE L'ALTEZZA DI APERTURA DEL TROPPO PIENO** IN BASE ALLE ESIGENZE DEL LAVABO.

Il **sistema di perni con regolazione a chiave a brugola, sicuro e brevettato**, permette l'intervento sia **dell'installatore** sia **dell'utilizzatore finale**, in modo semplice e immediato.

Una soluzione versatile che consente di **personalizzare il livello dell'acqua** e ottimizzare il funzionamento del lavabo.

### ADJUSTABLE WASTES

Adjustable wastes allow the **overflow opening height** to be modified according to the basin's specific requirements.

The **patented pin system**, adjusted with a simple **Allen key**, ensures a **safe and precise operation** that can be performed either by the **installer** or by the **end user**.

A versatile solution that enables **custom control of the water** level and optimizes the basin's performance.

# PILETTE AD ALTEZZA FISSA CLO/ADHOC

LE PILETTE AD ALTEZZA FISSA SONO PROGETTATE CON UN **LIVELLO DI APERTURA PREDEFINITO**, CALIBRATO PER GARANTIRE **PRESTAZIONI COSTANTI E AFFIDABILITÀ NEL TEMPO**.

L'altezza standard è di:

**9 cm**

per la versione lavabo

**40 cm**

per la versione vasca

La regolazione viene eseguita **internamente dal nostro personale specializzato**.

In caso di esigenze particolari, il cliente può comunicare il livello di apertura desiderato (all'interno di un intervallo specifico) e il nostro team **valuterà la fattibilità della richiesta**.

### FIXED-HEIGHT WASTES

Fixed-height wastes are designed with a **preset opening level**, calibrated to **ensure consistent performance and long-term reliability**.

The **standard height** is **9 cm for basin versions** and **40 cm for bathtub versions**.

Adjustment is carried out **internally by our specialized technicians**.

If specific requirements are needed, customers can **indicate their desired opening level** (within a defined range), and our team will **evaluate the feasibility of the request**.

# SIFONE KOMPATTO E PILETTE CON TROPPO PIENO INTEGRATO PER LAVABO

Kompatto trap with integrated overflow wastes for basin

## CARATTERISTICHE | CHARACTERISTICS

### UN SISTEMA COORDINATO

Una soluzione unica di piletta e sifone, salvaspazio, con design coerente e prestazioni affidabili.

### COMPATTO E FUNZIONALE

L'altezza ridotta permette l'installazione anche nei mobili più bassi o in spazi tecnici limitati.

### PRESTAZIONI COSTANTI

Mantiene la capacità di scarico e la funzionalità di un sifone tradizionale nonostante le dimensioni ridotte.

### ESTETICA PULITA

Linee essenziali e forma minimale pensate per integrarsi perfettamente con lavabi moderni e soluzioni di design.

### A COORDINATED SYSTEM

A unique, space-saving waste-and-trap combination, offering a consistent design and reliable performance.

### COMPACT AND PRACTICAL

Its reduced height allows installation even in low bathroom cabinets or tight technical spaces.

### CONSISTENT PERFORMANCE

Delivers the same drainage efficiency as a standard trap despite its compact size.

### CLEAN AESTHETICS

Minimal lines and a refined shape make it suitable for modern basins and design-oriented installations.

# UN SOLO GESTO, DUE FUNZIONI.

## CARATTERISTICHE | CHARACTERISTICS

### SISTEMA UNIKA

Grazie al meccanismo brevettato, Unika può essere configurata in modo immediato come click-clack o a flusso libero, utilizzando un unico sistema.

### SELEZIONE RAPIDA

La modalità si imposta ruotando il selettore con una chiave a brugola nella parte superiore del corpo. Una volta montata la cover, il comando resta protetto da modifiche accidentali, garantendo stabilità e sicurezza nel tempo.

### MASSIMA COMPATIBILITÀ

Unika si adatta a qualsiasi lavabo, con o senza foro di troppo pieno, offrendo un'unica soluzione per tutte le esigenze.

### UNIKA SYSTEM

Thanks to its patented mechanism, Unika can be quickly configured as either a click-clack or free-flow waste, using a single system.

### QUICK SELECTION

The mode is set by rotating the selector with an Allen key on the top of the body. Once the cover is installed, the selector is protected from accidental adjustments, ensuring long-term stability and safety.

### MAXIMUM COMPATIBILITY

Unika fits any basin, with or without an overflow hole, offering one solution for all installation needs.

UNA COVER  
PER OGNI ESIGENZA  
A COVER  
FOR EVERY NEED

### COVER FILETTATE

Le nostre cover filettate sono progettate per essere facilmente intercambiabili e compatibili con tutte le pilette Ravani che prevedono la cover. Disponibili in un'ampia gamma di materiali, finiture, forme e dimensioni per soddisfare ogni esigenza estetica e funzionale.

### THREADED COVERS

Our threaded covers are designed to be easily interchangeable and compatible with all Ravani wastes that use a cover. They are available in a wide range of materials, finishes, shapes, and sizes to meet any aesthetic or functional requirement.

### MATERIALI DISPONIBILI

- OTTONE** 
- CERAMICA** 
- ACCIAIO INOX** 
- SOLID SURFACE** 

### AVAILABLE MATERIALS

- Brass
- Ceramic
- Stainless Steel
- Solid Surface

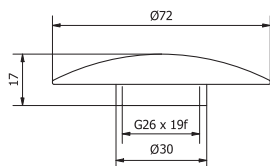

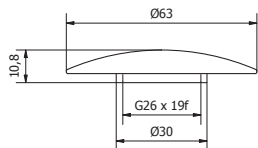

### CERAMICA CLAY BODY

La soluzione ideale per una personalizzazione totale: può essere verniciata e cotta nel colore desiderato, garantendo la massima continuità cromatica con il lavabo.

### CERAMIC CLAY BODY

The ideal option for full customization: it can be painted and fired in any preferred color, ensuring perfect chromatic continuity.

La ceramica di Caltagirone è uno dei più famosi manufatti artigianali siciliani, conosciuti in tutto il mondo. Le sue origini sono molto antiche. Secondo gli esperti, i ceramisti arabi, sin dall'827, a seguito della conquista musulmana dell'isola e il successivo insediamento, avrebbero dato un forte impulso all'arte ceramica, trasferendo i procedimenti tecnici usati in Oriente. I sifoni Caltagirone sono disponibili in diverse fantasie e colorazioni, dal classico disegno siciliano con tema di foglie, alla coda di pavone, vi è inoltre la possibilità di realizzarlo con disegni personalizzati.

The ceramics of Caltagirone are amongst the most famous of Sicilian handicrafts, known worldwide. Their origins are ancient. According to experts, since 827, following the Muslim conquest of the island and subsequent settlement, Arab potters were an important stimulus to ceramic art, importing technical procedures used in the East. The Caltagirone traps are available in different patterns and colors, from the classic Sicilian design with a leaf theme, to the peacock tail. There is also the option of customised designs.

# CALTAGIRONE

I nuovi sifoni della linea Caltagirone sono vere e proprie opere d'arte create interamente a mano da esperti ceramisti di Caltagirone.

The new traps of the Ravani Caltagirone line are real works of art created entirely by hand by expert ceramists from Caltagirone.

# KOMPATTO

GRAZIE ALLA NOSTRA SOLUZIONE TECNICA, KOMPATTO È IL **SIFONE DI DESIGN SALVASPAZIO PIÙ PICCOLO**, NEL PIENO RISPETTO DELLE NORMATIVE UNI/EN.

UNA RISPOSTA INTELLIGENTE PER **OTTIMIZZARE OGNI CENTIMETRO**, GARANTENDO AL TEMPO STESSO **ACCESSIBILITÀ E FUNZIONALITÀ**.

I sifoni Kompatto sono progettati per essere facilmente configurabili. Ogni confezione include tutti i componenti necessari per renderli compatibili con i due sistemi di fissaggio più diffusi:

1. Pilette con corpo cilindrico
2. Pilette con vite centrale

Il passaggio da una configurazione all'altra avviene applicando l'**adattatore dedicato**, già incluso nella confezione.

Ogni sifone è inoltre disponibile in due versioni:

- **Standard in ottone.**
- **Smart**, con struttura in ottone e inserti in plastica progettati per offrire una versione più leggera **che mantiene la stessa funzionalità**.

THANKS TO OUR TECHNICAL SOLUTION, KOMPATTO IS THE **SMALLEST SPACE-SAVING DESIGN TRAP** ON THE MARKET, FULLY COMPLIANT WITH UNI/EN STANDARDS.

AN INTELLIGENT SOLUTION THAT OPTIMIZES EVERY CENTIMETRE WHILE ENSURING BOTH ACCESSIBILITY AND FUNCTIONALITY.

Kompatto traps are designed for easy configuration. Each package includes all components needed to ensure compatibility with the two most common fastening systems:

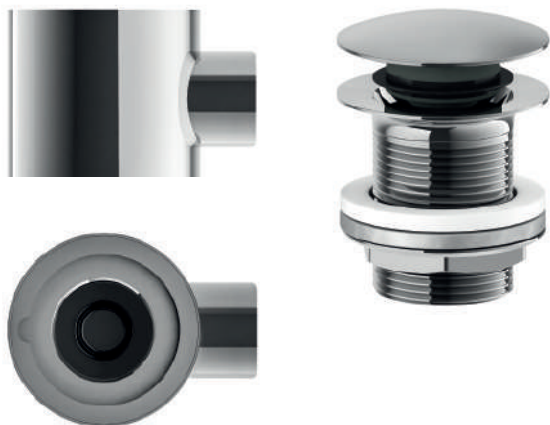

1. Wastes with cylindrical body
2. Wastes with central screw

Switching between configurations is done using the **dedicated adapter**, already included in the package.

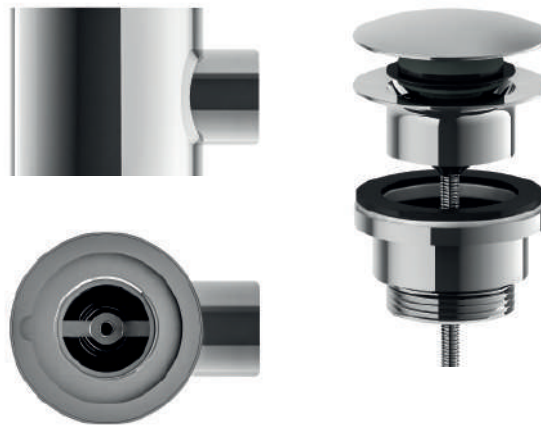

Each trap is available in two versions:

- Standard brass.
- Smart, with a brass structure and plastic inserts designed to provide a lighter version **that maintains the same functionality**.

CONDIZIONI  
GENERALI  
DI VENDITA  
GENERAL  
SALES TERMS  
AND CONDITIONS

## CONTRATTO

Le presenti condizioni generali di vendita si intendono accettate dal cliente con il conferimento dell'ordine.

I contratti conclusi da nostri agenti e/o rappresentanti sono definitivi solo se da noi accettati e confermati.

Le forniture in corso verranno sospese o annullate in caso di inadempimento, anche parziale, delle condizioni di vendita o pagamento. Eventuali deroghe alle presenti condizioni devono essere convenute tra le parti per iscritto. Tutti i prodotti si intendono venduti con riserva di proprietà e divengono di proprietà del compratore solo al momento dell'avvenuto completo pagamento dei beni.

## PREZZI

I prezzi di listino possono essere soggetti a variazione e non sono vincolanti se non confermati. Non sono ammesse detrazioni per sconti, abbuoni, arrotondamenti, ecc. se non pattuiti in precedenza. Eventuali ritardi nei pagamenti annullano gli sconti pattuiti. I prezzi di listino si intendono comprensivi del normale imballo standard. Per richieste di imballi diverse dallo standard verranno effettuate quotazioni al costo. Il minimo ordine richiesto è di Euro 150,00.

## TRASPORTO

La merce si intende venduta franco nostra sede. Le spese di trasporto ed i rischi ad esso connessi sono a carico del cliente così come le eventuali assicurazioni sul trasporto da lui stipulate. Per esigenze di logistica e spedizione ci riserviamo il diritto di effettuare arrotondamenti sulle quantità ordinate.

## CONSEGNA

I termini di consegna hanno un valore indicativo e mai tassativo dipendendo dalla nostra produzione e disponibilità della merce così come da fattori ed eventi non controllabili dalla nostra ditta. Ogni eventuale ritardo non potrà mai costituire fonte di risarcimento né causa di risoluzione del contratto.

## RESI, RIMBORSI E RECLAMI

Non si accettano resi o reclami trascorsi 10 giorni lavorativi dal ricevimento della merce. Eventuali restituzioni devono avvenire in seguito all'autorizzazione del nostro ufficio vendite. Provvederemo ad effettuare accertamenti sul materiale prima di accordare sostituzioni o rimborsi. Nel caso in cui vengano riscontrati eventuali difetti di fabbricazione ci impegneremo a sostituire i pezzi non conformi. Assolto quest'obbligo non saremo tenuti a nessun altro indennizzo. Eventuali reclami e/o contestazioni non danno in alcun caso diritto al cliente di omettere o ritardare i pagamenti della fornitura. I prodotti vengono garantiti da anomalie di fabbricazione per 24 mesi dalla data di spedizione. Decliniamo ogni responsabilità conseguente all'errata installazione o all'uso non conforme alle condizioni operative indicate a catalogo.

## VARIE

Qualsiasi disegno o documento tecnico relativo ai nostri prodotti non costituisce impegno di fedele esecuzione ed è da ritenersi puramente indicativo. Tale documentazione rimane di nostra esclusiva proprietà anche se consegnato al cliente e ne è vietata la copia o riproduzione, anche parziale, senza la nostra autorizzazione scritta. Ci riserviamo il diritto di modifica di tutti i nostri prodotti senza preavviso. Per qualsiasi controversia giudiziaria il Foro competente sarà quello di Brescia.

## PRIVACY

Normativa sulla Privacy completa consultabile all'indirizzo web:  
<https://www.Ravanidesign.com/ita/privacy.jsp>

## CONTRACT CONDITIONS

The present general sales term and conditions are considered to be fully accepted by the customer upon the order confirmation. The contracts drawn up by our agents and/or sales men are not definite unless they have accepted and confirmed by our company. The pending supply will be suspended or cancelled in case of any non-compliance, even partially with our sales or payment terms and conditions. Any exceptions to the present conditions shall be agreed upon between the parties in writing form. All products are intended as sold with reservation of title and they will become property of the buyer only after the whole price has been paid.

## PRICES

We reserve the right to modify the pricing at any time if not differently agreed and confirmed. No deductions are permitted for cash discounts, reductions or rounding of figures unless previously agreed and confirmed.

Quoted pricing includes standard packaging. Any packaging different from the standard is not included and it will be quoted at cost upon request. The minimum order requested is Euro 150,00

## DELIVERY TERMS

The delivery term of the goods is Ex-Works. All the shipping cost are charged to the customer, including all the transportation risks and the optional insurance. For shipment and logistic reasons we reserve the right to adjust the requested quantity.

## DELIVERY TIME

The delivery time are indicative and never definite, being subject to availability and production of the goods, including also other external and not controllable factors and/or events. Any possible delay can not be raised by the customer as a valid reason for any source of compensation or resolution of the contract.

## RETURNS REFUNDS AND COMPLAINTS

Complaints are accepted within 10 working days of receipt of the goods. Any return of goods can not be accepted without previous authorization from our sales department. We reserve the right to check and verify the goods before any replacement or refund. In case of verified defect products we will replace them, but under no circumstances we will provide any additional compensation. Under no circumstances any complaints or disputes will justify the customer the right to omit or delay the payments. Our products are guaranteed free of manufacturing defects for 24 months from shipping. We decline any kind of responsibility in case of incorrect installation or improper use according to the working conditions stated in our product catalogue.

## OTHERS

Any technical drawing or document related to our products, even though submitted to the customer, belongs to our exclusive property and can not be used, copied, reproduced, transmitted by the customer or communicated to third parties without our prior written authorization. We reserve the right to modify our products without prior notice. All judicial disputes will be settled by the Brescia Court of Law.
